

■ Over 8,000 Airstrikes Incidents Nationwide

ISP Mapping Number 85

ISP Myanmar

Following the coup, the State Administration Council (SAC) conducted **over 8,000** airstrikes in **at least 162 townships**. Shan State suffered the most airstrikes, with no less than **1,700 incidents**. The Sagaing Region was the second most affected, experiencing no fewer than **1,300 airstrikes**.

The data are based on ISP-Myanmar's research findings and only reflect townships where one or more battles occurred from February 1, 2021, to January 15, 2025. Please note that the data presented may vary from other sources due to differences in methodology and data availability.
